For immediate Release

Plantation, FL 09/01/06

AccuPlace announces termination of cooperation with Brady

Effective immediately but in amicable consent, AccuPlace and Brady will end its cooperation in adhesive assembly equipment. "We have been working well together for the past four years", says Managing Director of AccuPlace, Jamie Schlinkmann, "but today different strategic visions have caused us to part ways." Existing installations will not be impacted by this decision and will receive full and continuous support.

Brady was one of several Value Added Resellers that distribute AccuPlace equipment. AccuPlace with its standardized solutions is the recognized leader in film adhesive placement technology.
